Principal's Message Dear Wildcat Families, I know that MANY of you are still confused and frustrated with our impending plan to return in person or remaining online. I ask that you trust us as we process through a few things here on campus. We are running a pilot this coming week with a few classrooms. While doing this, we have invited a small group of students from those classes to come in person as we do a trial run in the hybrid model. We have also been having small pods of kindergarteners coming to campus in one-hour sessions. What I can tell you from both experiences is that there is a sense of joy for those students in being on campus in a classroom. Even the 5 and 6-year old students are doing a great job keeping their masks on! So, I ask that you trust the process and know that our number one focus is to have students return in a safe manner that is educationally sound. We know that some of you are also not yet comfortable with returning to campus and we respect that. We are doing everything in our power to keep our students with their existing teachers, regardless of the instructional model that you chose. Please make sure you look for emails from myself and Mrs. Wicks in the coming weeks to provide you with detailed information that will address many of your impending questions. Have a great weekend and we will see you soon! Sincerely, Julie Duwe Principal			Open Enrollment Open Enrollment forms for the 2021-2022 school year may be picked up and/or submitted in the Valley Oak office by Oct. 28, 2020.
